How to Authenticate This Official Electronic Transcript from the University of Colorado Boulder

This official transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. If you are not the intended recipient, please notify the Transcript Department in the Office of the Registrar at the University of Colorado Boulder. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. When this document has been issued by the University of Colorado Boulder and this document is viewed using Adobe® Acrobat version 6.0 or greater or Adobe® Reader version 6.04 or greater, it will reveal a digital certificate that has been applied to the transcript. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by the University of Colorado Boulder with a valid certificate issued by GeoTrust CA for Adobe®. This document certification can be validated by clicking on the "Signature Properties" of the document.

The blue ribbon symbol is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital certificate is not authentic, or the document has been altered. The digital certificate can also be revoked by the Transcript Department in the Office of the Registrar if there is cause. A document with an invalid digital certificate display should be rejected.

Lastly, one other possible message, "Author Unknown", can have two possible meanings: First, the certificate is a self-signed certificate or has been issued by an unknown or non-trusted certificate authority. Second, the revocation check could not be completed. If you receive this message make sure that your computer is properly connected to the internet. If you have an active internet connection and you still cannot validate the digital certificate online, reject this document.

The official Transcript Key and Guide to Transcript Evaluation is the last page of this document.

The current version of Adobe® Reader is free of charge, and available for immediate download at <http://www.adobe.com>.

If you require further information regarding the authenticity of this transcript, you may email or call the Transcript Department in the Office of the Registrar at the University of Colorado Boulder using transcriptinfo@colorado.edu or 303-492-6970.
